

# Modular Sump Kits

Modular solutions to achieve your required height

Polylok's range of domestic pump and sump chambers come in kit form so you can build it to suit your site requirements. A pedestrian rated dome cover, cover and riser screws, gaskets, your selection of risers and 600mm base is included in every kit. You just need to decide how many risers you need. You can choose from 150mm and 300mm high risers or choose from the kits below.

To find out more: email [sales@polylok.eu](mailto:sales@polylok.eu), call us today or visit [polylok.eu](http://polylok.eu)

Choose from any chamber sizes below or tell us what height/capacity you need, and we will send it..

(Inlet and outlet connection fittings are not included)

0.6m 170L Sump Chamber  
(600mm (w) x 600mm (h))  
Dome Cover with Handles  
Part no: 0.6msk

0.75m 210L Sump Chamber  
(600mm (w) x 750mm (h))  
Dome Cover with Handles  
Part no: 0.75msk

0.9m 255L Sump Chamber  
(600mm (w) x 900mm (h))  
Dome Cover with Handles  
Part no: 0.9msk

1.05m 295L Sump Chamber  
(600mm (w) x 1050mm (h))  
Dome Cover with Handles  
Part no: 1.5msk

1.2m 340L Sump Chamber  
(600mm (w) x 1200mm (h))  
Dome Cover with Handles  
Part no: 1.2msk

1.5m 425L Sump Chamber  
(600mm (w) x 1500mm (h))  
Dome Cover with Handles  
Part no: 1.5msk

Easily add more risers (150mm or 300mm) for extra depth if needed:

600mm (24") x  
150mm (6") Riser  
Part no: 3008-NG

600mm (24") x  
300mm (12") Riser  
Part no: 3008-R12-NG

## Main Benefits:

1. You choose the height & capacity - *add more risers if needed*
2. Flats on risers for easy installation of inlet/outlet connection
3. Can be supplied with flat covers or grates on request
4. Strong HDPE construction - never corrodes!
5. Easy to use, lockable covers (pedestrian-rated)
6. Green dome covers have integrated handles
7. Add a safety screen for child and pet safety (see picture)

## Typical Applications:

1. Pumps
2. Sampling Chambers
3. Pre-filters
4. U.V. Filters
