

Risers & Adapters

Polylok's modular risers and adapters offer choice, reliability and flexibility for users

Polylok risers and adapters are known for their quality and ease of use. With different riser heights to choose from you have the flexibility to reach the required ground level with ease, and at the width you need. Combined with Polylok adapters and covers, these risers offer the complete solution for retro-fitting access holes on tanks & wastewater treatment systems. Polylok risers fit Polylok pump chambers, distribution boxes and catch basins. This is why there is over 8 million risers in the ground globally in 2023.
